

Speedflow Firesleeve

Short Description

Speedflow Firesleeve

Description

Speedflow's Firesleeve is manufactured from high bulk braided fiberglass sleeving and coated with a custom compounded black silicone rubber to protect and extend the life of hoses, cables and wires by forming a protective barrier in areas of extreme heat. Speedflow has sized this to fit tightly over our hose but will fit other hoses with similar outside diameters. Each size is marked with the Speedflow name and a dash size for easy identification that can easily be removed for a clean look available in several in sizes -4 to -16.
