

SAE 40

Short Description

SAE 40

Sold in a quart bottle (0.94Litres).

Give us a call on 095256858 to find out price and availability.

Nozzle available on request.

Description

This heavy viscosity straight-grade motor oil is designed to provide excellent protection for street and competition

engines. Its superior film strength, highly effective detergency package and foam inhibitors make it an optimal

lubrication choice for muscle car/hot rod enthusiasts. The increased ZDDP provides outstanding

antiwear/antiscuffing protection for engines with older style push rods as well as those employing flat tappet cams.

Excellent option for vintage car lubricant and air-cooled applications where a mono-grade viscosity is preferred.
